Surface Water Quality Bureau (SWQB) invites the public to comment on draft revisions to the Introduction and Work Element 11 (Public Participation Program) of the Statewide Water Quality Management Plan (WQMP). The WQMP document is a statewide planning tool developed to ensure that long-range goals of the federal Clean Water Act are met. These goals include "restoring and maintaining the chemical, physical, and biological integrity of the nation's waters." The WQMP provides a consistent approach for maintaining, improving, and protecting water quality.

A public meeting will be held in Santa Fe to present a summary of proposed revisions and to provide a forum for interested parties to ask questions and provide comments. The meeting will be held Monday, February 17, 2003, from 6:30-8:30 p.m. MST at the Wild Oats Community Room located behind Wild Oats Market, 1090 South St. Francis Drive.

The 45-day comment period begins January 14, 2003 at 8:00 a.m. MST and will end February 28, 2003 at 5:00 p.m. MST. During this period the public may provide written comments and/or provide a written request for a hearing on the matter. Formal comments for inclusion in the public record should be submitted to the SWQB, in writing, at the meetings or to Stephanie Stringer, of the NMED SWQB, Room N2067, P.O. Box 26110, Santa Fe, New Mexico, 87502 or e-mail: <stephanie_stringer@nmenv.state.nm.us> (if possible, please submit an electronic copy as well; the SWQB will provide a confirmation of receipt for electronic mail submissions). Requests for a hearing must be submitted to Geraldine Madrid-Chavez at the Commission's office, Room S2054, 1190 St. Francis Drive, Santa Fe, New Mexico.
